+Personal Information

Qualifications and Experience

My background is in the construction industry and I have extensive experience in traditional construction, design & build, civil engineering and speculative housing projects.

I started in procurement and spent many years in this field. I spent the 80's as the Buyer for Ken Greasley Limited. During the 90's I was the Senior Buyer for the Nottingham based Sol Construction Limited. In 2001 I moved to Derby based Stone Construction Limited and took a role which encompassed both purchasing and health & safety responsibilities. I was appointed as a company director and shareholder in 2002.

In July 2009 I formed G S Musson & Associates Limited and took the role as Managing Director and Principal Consultant.

1985: NEBSS Certificate in Supervisory Management

2001: CITB CDM Contractors

2002: National Construction College Health & Safety for Directors

2004: ABC Level 3 Certificate in Facilitating Learning

2004: C&G Level 4 NVQ in Occupational Health and Safety Practice

2005: C&G Level 5 NVQ in Occupational Health and Safety Practice

2005: BCS College Post Graduate Certificate in Occupational Safety & Health

2011: SSIP Assessor Training

I partake in a full CPD programme recorded within my IOSH profile.
